

Fitzgerald Facing Murder Trial On Monday, Dec. 5th

Accused Slayer Pleads Not Guilty To All Counts In Hearing

Stanley William Fitzgerald, 39, Oakland, entered a plea of not guilty to all counts when he was arraigned Friday before Superior Judge Vernon Stoll in Nevada City. Fitzgerald is being held on a grand jury indictment charging armed robbery, assault with a deadly weapon and murder growing out of the fatal shooting of George Bonn and the serious wounding of Milton J. Young during a holdup at Woodchopper Springs near Truckee. Monday, December 5 has been set as the date for the trial. Robert Fugazi has been appointed to represent the defendant in the action. The court granted the request of Fugazi for the sheriff and the accused to accompany him to the scene of the alleged crime, as there seemed to be some question regarding the exact location. Prior to his arrest a month ago in Portland, Oregon Fitzgerald had been placed on the FBI's list of the ten most wanted men.

Girl Scouts To Aid Mothers At Polls

Mothers of babies and small children in this area will find it easy and convenient to vote on November 8 thanks to the Girl Scout Aides to Voters organization, Troop 132 of Truckee. The Girl Scouts will provide a baby-sitting service at the old Truckee Elementary School precinct from 7 a. m. to 7 p. m. on election day. Baby-sitting will be available in the nursery school room of that building from 7 a. m. to 9 a. m. and from 11:30 a. m. to 7 p. m. Another room in the school building will be used from 9 a. m. until 11:30 a. m., while regular nursery school is in progress. All mothers, regardless of the precinct in which they are voting, are asked to feel free to bring their small children to this Girl Scout baby sitting service for the length of time the mother needs to go to her precinct and vote. The Girl Scouts will serve in two-hour shifts, and an adult leader will also be present. Troop 132 has also prepared "Remember to Vote" posters which the local merchants are displaying in various windows. After school on November 7 the Girl Scouts will also be handing out election day reminders in downtown Truckee. That same evening you may be expecting a telephone call from a Girl Scout reminding you to vote the next day. You will recognize your Girl Scout Aides to Voters by the red, white, and blue arm-bands which each girl will be wearing on her right sleeve. The girls designed and sewed these bands themselves. Marcia Leamon, president of Troop 132, urges all mothers to take advantage of this service. "We are anxious to be of help on this important day," says First Class Scout Leamon. "Even if we are not yet old enough to vote ourselves, we want to serve our country and the people of our community the best way we can."

PARENTS LIABLE FOR HALLOWEEN DAMAGE

Attorney General Stanley Mosk admits he may be a spoil-sport but he has reminded parents they are liable up to \$300 for damage their youngsters might cause if their Halloween tastes run more to trick than treat, Capitol News Service reports. "An ounce of prevention may be worth \$300 to parents of Halloween pranksters," Mosk said. "A minor's act of willful misconduct resulting in property damage will find the parents responsible. "Liability up to \$300 for each act of willful vandalism may be assessed against parents for civil damage, under Section 1714.1 of the civil code," he said. Mosk said he believed mutual knowledge of this section of the civil code bearing on the responsibility of parents and the civil rights of the victims of vandalism to collect damages might keep malicious acts to a minimum and create better neighborhood and community relations.

ELEANOR CAPEL WEDS A. E. FULCHER HERE

Rev. George Symons officiated at the religious ceremony October 7 in the Church of the Mountains at Truckee, uniting Mrs. Eleanor Capel and A. E. Fulcher in the presence of friends of the well known couple. Mr. and Mrs. Fulcher who were attended by Miss Ann Merkle and Harold Harder are residing at Donner Lake and are both employed by the Truckee Public Utility District. Since the announcement of their marriage, friends have extended their wishes for their happiness.

Local Boy Still In Lead With Biggest Buck In Deer Derby

Although 16 year old Bill Hazelton of Truckee still holds a commanding lead in the Truckee Outdoor Sportsmen's first annual buck derby, last week's prize went to Robert Ellis of Sacramento. Ellis killed a 170-pound buck back of Squaw Valley to win the \$50 merchandise order at Jim Walker's Toggery. This week's award, to be presented at Bud's at 8 p. m. Sunday is a \$90 merchandise order from Cabona's. Young Hazelton, with a 184-pounder, took the preceding week's prize and is out in front for the automatic rifle to be awarded the hunter with the largest field dressed buck of the season. The contest, open to all hunters in the area without obligation, has two weeks to run, the contest closing on November 6. Winners to date are Randy Burky of Sacramento, James F. Haskins of Vallejo, Bruce B. Bales of San Rafael, Hazelton and Ellis.

Another Kingvale Car Victim Expires

The California Highway Patrol has been notified by Nevada authorities that Mariano R. Rigunay, 57, of Oakland died Friday in a Reno hospital of injuries suffered in a car-truck collision near Kingvale on October 16. Rigunay was the second person to die as the result of the accident. Mrs. Carrie Eala, 37, was killed outright when the car driven by her husband, Loreto, 51, crashed into the rear of a flatbed truck driven by Lester Johnson, 34, of Auburn. Eala and Reymedios Delatazar, 52, also of Oakland were treated at the Tahoe Forest Hospital for serious injuries. Patrolmen believe Eala misjudged his speed on the freeway and crashed into the truck while both vehicles were traveling east at 7 a. m.

LOCAL STUDENTS AT LIVERMORE STATION

On Saturday, Quinton Kay, Rickey Jellin, Larry Jellin, Cynthia Reynolds, and Tim Ridsen accompanied their physics teacher, C. Lude, to the American Association of Physics Teachers fall meeting at the Livermore radiation laboratory. After a morning session of invited papers which included a demonstration on radio telemetry and how space rockets will be controlled by various radio frequencies, the students were taken on an afternoon tour of the famous Sherwood project. The Sherwood project includes the Astron thermonuclear device, the mirror machine, and the pinch machine for compressing hot plasma at extremely high temperatures. All of the experimental equipment seen at the University of California Livermore Radiation Laboratory will lead the United States toward a feasible production of nuclear power through the fusion process by 1965.

MEMBERS NIGHT WILL BE STAGED BY O.E.S.

All members Night will be observed by Truckee Chapter No. 116, Order of the Eastern Star at the regular session to be held at 8 p. m. November 1. A report will be made by the representative to grand chapter and Phyllis Snyder will be chairman of the refreshment committee. Georgia Follett, p. m. will act as hostess and Margaret Craig, w. m. and Sam Faulkner, w. p. will preside.

From Tiburon— Dr. and Mrs. L. D. Nelson and son, Douglas, of Tiburon, were business visitors here this week and visited briefly with local friends.

Hedlund Here— Kenneth Hedlund and daughter, Karen, were local visitors this week. They recently moved from Truckee to Sacramento.

To Auburn— Mr. and Mrs. Harry Stout were Auburn visitors last weekend.

More Money For Summit Freeway Is Given Approval

Highway Commission Gives Approval for Work In Local Area

SACRAMENTO — (CNS) — The \$633,460,812 highway budget for 1961-62, adopted by the California Highway Commission, included \$3,815,000 for Nevada County. The largest project budgeted was \$2.7 million for structures and grading for the future Donner Summit Freeway on U. S. 40. The project, covering 3.7 miles, is the second of three units required to complete the freeway. The section extends from one-half mile west to 2.6 miles east of Soda Springs. The next largest allocation was \$765,000 for acquiring rights of way on various routes, including \$435,000 on state route 20 between Grass Valley and the Yuba County line.

SACRAMENTO — (CNS) — The \$633,460,812 highway budget for 1961-62, adopted by the California Highway Commission, included \$1,890,000 for Placer County. The largest budgeted project was \$1,200,000 for grading and paving 8.1 miles of state route 28 from the top of Dollar Grade to Nevada State Line near Brockway.

DOLLEY WINS FIGHT WITH STRIPED KITTY

N. F. Dolley, prominent local man, versus a murdering skunk in its natural state, resulted in defeat for the striped kitty and retreat from the area by the family who were staying in Nevada during the weekend. The Dolleys had been interested in the progress of 15 banty baby chicks for some time when they suddenly disappeared with indications of a wholesale raid. Dolley contrived a trap into which fell a marauding skunk calling for quick shotgun action on the part of Dolley and cutting short a chicken dinner. A rapid change of clothes and atmosphere following in hasty succession.

TELEPHONE HOUR TO BE AIRED ON FRIDAY

Songs from all sections of the country and from past presidential election campaigns will be featured on the Bell Telephone Hour Friday, October 28, at 9 p. m. over NBC-TV. Robert Preston, star of the original "Music Man" production, will host the hour-long musical tour of America. He will be joined by Dorothy Collins, Bill Hayes, Mahalia Jackson, Peter Palmer, Jo Stafford, the Dukes of Dixieland and Donald Voorhees and the Bell Telephone orchestra. The colorcast, "One Nation Indivisible," will be the third Bell Telephone Hour of the new TV season.

DONNER GROUP WILL HOLD PARTY SAT.

The Donner Lake Volunteer Fire Department, the ladies auxiliary and their families will enjoy a Halloween potluck at the high school cafeteria this Saturday night from 6 to 9 p. m.

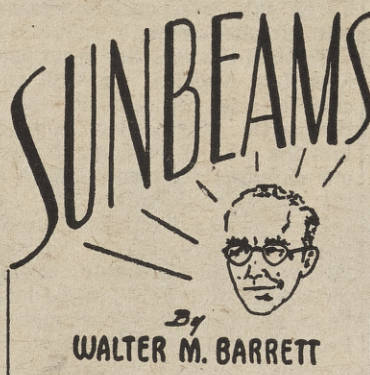

There will be games and fun for everyone and costumes are optional. It is a family get-together and all firemen and auxiliary members are welcome to bring their families.

DISTRICT BOARD TO HOLD SPECIAL MEET

A special meeting of the board of directors of the Truckee Public Utility District will be held in the office at 8 p. m. Tuesday, November 1. Wilber Bell, manager of the district has returned from a series of meetings on the vital subject of water, held recently at Long Beach.

Here For Weekend— Mr. and Mrs. Walter Barrett had as weekend guests, Mr. and Mrs. William Storkman of Woodland and Mr. and Mrs. Douglas Barrett and four daughters of Sacramento.

Sunday Visitors— Mr. and Mrs. James Leamon and son, Jim, of South Tahoe visited Mr. and Mrs. Harold Langille and Mr. and Mrs. Robert Leamon on Sunday.

WALTER M. BARRETT

This newspaper is not too concerned with your selection of candidates on the November 8 ballot. Each of us has our choice, but there is an issue which should have a unanimous NO vote and that is Proposition A calling for the re-districting of the supervisorial districts of Nevada County. This is an important issue for the fifth district. While it does not immediately affect the district, the proposition as presented by the Grass Valley Junior Chamber of Commerce would make it possible to elect four of the five supervisors from the incorporated areas of Grass Valley and Nevada City and this could well affect the local community in allocation of funds and services. We agree that a redistricting is in order, but we believe the one sponsored by the junior chamber is unfair to the less populated areas of the county and should be defeated. This defeat would permit the board of supervisors to study the plan and redistrict under ordinance, a plan which could be changed by ordinance. If Proposition A carries next month, the only way changes can be made will be through another election. This newspaper also opposes Propositions 1 and 15, but we think Proposition A is the one which locally should be defeated by a unanimous vote in this district.

ROBBER OF STATION ENTERS GUILTY PLEA

J. J. Brenza, 23, pled guilty in the superior court Friday to a charge of armed robbery of George's Shell Service station just west of Truckee on August 30. Brenza is recuperating in the Nevada County Hospital from bullet wounds in one knee inflicted by officers in Reno when Brenza drew a gun and tried to shoot it out with police in a road block after he and a companion were halted. The prisoner was unable to attend court on his feet and was brought to the court house with the help of a rescue truck. Hearing on a probation report and sentencing was set for November 4 and the prisoner was returned to the hospital for further treatment.

DEPUTY WARNS OF HALLOWEEN PRANKS

Chief Deputy Sheriff Roy Waters this week issued the usual warning to home owners to prepare themselves for the annual capers of the Halloween pranksters. It is suggested that garbage cans and other outdoor items be placed under cover so they cannot be removed or emptied. All local officers will be on the job to prevent, as far as possible, malicious damage and youngsters are warned that vandalism in any form will not be tolerated.

MORE THAN 400 SEE PHONE INNOVATIONS

More than 400 people, including 300 students from the schools in Truckee visited the central office of the Pacific Telephone Company here Friday as guests of Manager L. deGallery and District Manager R. B. Scott, Jr. of Yuba City. The visitors were shown how the dial system operates and viewed other late innovations presented by the company including the new Princess telephone which made a big hit.

Guests were shown through the installation by several employees of the company.

VISIT DEATH SITE District Attorney Harold A. Berliner and Sheriff Wayne Brown were here yesterday with Stanley William Fitzgerald to accompany the latter and Attorney Robert Fugazi to the scene of a murder alleged to have been committed by Fitzgerald. Fugazi has been appointed by the court to represent the defendant.

A Girl For Hedlunds— Friends learned of the arrival October 16 of a daughter for Mr. and Mrs. Kenneth Hedlund of Sacramento, formerly of Truckee. The child's arrival weight was slightly more than 7 pounds.

Car Crash Is Fatal To Two Dixon Men Near Nevada Line

Car Plunges 75 Feet Off Highway In Crash At Farad

Two prominent Dixon residents were killed Thursday night at 9:45 o'clock when their car got out of control a mile and a half west of the Nevada state line and was demolished. Dead on arrival at the Tahoe Forest Hospital were James S. Palmer, 44, well known Solano County sheepman and driver of the car and his companion, Henry F. Forde, 51, oil company distributor. The two were traveling west and the car hit a curb along the road near Farad, careened through the air a distance of 75 feet and landed on its nose. The bodies were taken to the Truckee Colonial Mortuary.

2.1 Million Needed To Improve Squaw

ROSEVILLE — State Senator Ronald Cameron of Auburn, Placer County, estimated \$2.1 million would be needed to convert Squaw Valley to a top flight year around recreation center. Cameron made the estimate at a meeting of 35 members of the Placer County Chamber of Commerce.

In a discussion of the recreational needs of the state, the senator declared, "the press has been accurate in most reports on Squaw Valley, but the emphasis has been on criticism. Squaw Valley will be good for the state and what is good for the state is good for Placer and Nevada Counties."

He said the last legislature budgeted \$750,000 to convert the area to a full recreation area but more money is needed.

"This would make the valley a Mecca for winter sports and the convention capital of the western states," Cameron said. "The pattern is set, and it will be completed along the Alpine village theme, with the state recreational area surrounded by 30 or more private landowners, providing additional businesses and recreational facilities."

Carl Palmer of Forest Hill, Placer County, declared recreation has become "the biggest business in the state." He said more than one third of the gasoline used in the state is purchased for recreational purposes.

He asked that a chamber committee be appointed to work with the Placer County Recreation Commission in a study of recreational prospects in the county.

The chamber also heard reports on highway projects, forest fire control and the Donner museum.

CALPINE, WESTSIDE ROADS COMPLETED

Charles J. Smith, Sierra County road commissioner, announced that reconstruction, widening, and resurfacing has been completed on the 4.2 miles of Calpine and Westside Roads from Calpine, on State Sign Route 89, east and north to the Sierra-Plumas County line.

The county road, which continues north to Beckwourth and U. S. 40 Alternate, is now a 22-foot planked surface with five-foot oil-penetrated shoulders. An additional blanket of surfacing will be applied in the future.

Bernard Campbell of Yuba City was state resident engineer for the \$198,000 project, and Souza and Wright, also of Yuba City, was the contractor.

LOCAL FLYING CLUB WILL INCORPORATE

SACRAMENTO — (CNS) — Secretary of State Frank M. Jordan announced Truckee Flying Club, has filed articles with his office to form a non-profit corporation.

The club listed its directors as Thomas J. Coster, P. O. Box 768, Tahoe City; James B. Catlin, Jr., P. O. Box 322, Al Tahoe; and James Brumfield, P. O. Box 287, Truckee.

From City— Mr. and Mrs. Jim Sherritt of Soda Springs returned Tuesday from San Francisco where he underwent surgery.

On Jury— Raymond Hartsten has been on jury duty at Nevada City during the week.

Salaries Adjusted For School People By District Board

Ski Program May Be Held As Board Studies Plan At Meeting

Under action taken by the board of governors of the Tahoe Truckee Unified School District at their last meeting, the salaries of both the classified and certificated personnel were increased, making the minimum teacher salary \$5,000 annually instead of \$4,800 and increasing the non-certificated or classified salaries \$15 a month or \$150 a year.

Classified personnel includes bus drivers, custodians, cooks and others not certified as teachers.

The action was taken, Superintendent John S. Corbin explained to bring the local salaries to a comparable figure of those paid in other school districts.

The board discussed renewing the skiing program but came to no decision, deciding to give the matter more study. The program was discontinued last winter because of the staging of the Winter Olympics at Squaw Valley.

In other action, the board agreed to furnish transportation to the 7th and 8th grades of the Tahoe Lake School for a week's science trip to Cambria Pines next April. The students will attend regular classes in a camp set up there for the purpose and will pay their own expenses. Teacher and parent councilors will accompany the group. This type of schooling is becoming quite common throughout the state, Corbin said, and gives the student a much wider range of topics.

Mrs. Hilda Hintz was elected to represent the board on the Tahoe Truckee Educational Association.

Jack Brandt, representing an insurance company appeared before the board to explain the features of the new coverage carried by the district and it was agreed to extend the limits of the liability coverage to two million dollars. Medical payments were discussed but it was decided to delay any action on this until the next meeting when figures will be presented and studied.

Boundary Dispute Aired In Nevada

State Assemblyman Don Crawford, a democrat from Washoe County, Nevada, said in an interview in Las Vegas Saturday that he will propose at the next session of the legislature that Nevada sue California for 18,000 square miles of territory within the California boundaries.

Crawford said that California robbed Nevada of land when it set up a phony boundary commission in 1862.

The assemblyman said that at the next session he will introduce a measure asking the Nevada attorney general to sue the attorney general of California.

Crawford said that an 1861 act of the congress held that the California-Nevada line should run along the ridge of the Sierra Nevada. The boundary now lies east of there.

Involved is territory in 11 California counties, including Nevada, Placer and Sierra. The territory extends from a line parallel with the northern Nevada boundary to San Bernardino County in southern California.

The Nevada legislator said residents of this area would rather be Nevada citizens. He said California had turned down a plebiscite because it knows it would lose.

MEMBERS BAPTIZED IN CHURCH AT LAKE

TAHOE CITY — Special services held four weeks ago were climaxed Sunday when six new members were baptized into membership of the First Baptist Church (Southern) of North Tahoe.

This group began services in October last year and the Church was organized October 2, 1960 under the leadership of Pastor Leonard Koster, a student at Golden Gate Baptist Theological Seminary at Mill Valley. Koster makes the trip to Tahoe City with his family each weekend to lead the services.

The baptismal was held at the Royal T Motel at Tahoe City and those baptized were Steve Rogers, Mike Tanner, Jeff Lodi, Mrs. John Lentine, Mrs. James Baker and the latter's daughter, Yvonne.

The church now has a membership of 22 with 45 enrolled in the Sunday school.

COURT REFUSES TO LOWER WYATT BAIL

RENO — District Judge Clel Georgetta refused to reduce the \$10,000 bail for Carson City and Lake Tahoe Dr. Thomas Wyatt, charged with attempted abortion. Wyatt's trial is set for February 13.

He was arrested at his Lake Tahoe clinic by Washoe County special agents working in cooperation with agents from the California Board of Medical Examiners. They said he was about to operate on a woman agent they had assigned to the case.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO — (CNS) — A

stinging attack on Proposition 15 on

the November 8 ballot was made
at a recent meeting of the North
Coast Council of the California
State Chamber of Commerce in
Santa Rosa by Paul R. Leake,
Woodland publisher and member
of the state board of equalization
from the northern area.
Leake, never one to pull punches
when lashing out at what he con-
sidered wrong, said it is time the

people of the state learn the
"frightening facts, else northern
counties will become satellites re-
volving around the Southern moon"
if the measure passes.
He declared there is appalling
public indifference to the issue,
which would apportion 20 of the
40 seats in the state senate to
southern California, including
seven to Los Angeles County alone.
"The north and governor would
be powerless to put the brakes on
the southern machine," he asserted.
"We'd be flattened by the steam
roller. This is a bi-partisan issue.
Republican and Democratic central
committees should join forces to
knock this irresponsible proposal
into kingdom come."

To stem the vote tide from popu-
lar Los Angeles, we will need
close to a 90 per cent NO vote in
the north. Northerners must get
into the act. If we don't shore up
our defenses, we can be swept off
the map of California."

He pointed out Los Angeles
County already has 31 represen-
tatives in the assembly, claimed
the south "rides herd" in the lower
house, and pointed out that "if
Proposition 15 should carry, the
governor couldn't get a Mother's
Day resolution through the legis-
lature without the consent of the
dictators from the south."

Leake also cited the danger of
possible division of the state if the
amendment passes, but said this
is not the sensible answer to the
problem. Generally, Proposition
15, the only initiative on the No-
vember 8 ballot, is opposed by of-
ficialdom. Governor Edmund G.
Brown has come out against it, and
so have most of the state's sena-
tors from northern California.

In essence, the measure, sup-
ported strongly by Supervisor
Frank Bonelli of Los Angeles
County, who spark-plugged the in-
itiative, departs from the federal
system of apportionment, that is,
the lower legislative house repre-
sents population, and the upper
house, area.

Governor Brown has promised a
thorough study into state senate
reapportionment, if the bill does
not pass.

Although some observers have
gone on the theory that the reap-
portionment measure was spon-
sored to allow southern California
to control future water legislation,
the actual fact is that the measure
was spark-plugged because of the
possessory interest tax laws, which
resulted in Los Angeles County
collecting some \$60 million in taxes
on property that actually belonged
to the United States government,
from aircraft and other concerns
working under government con-
tract.

When the courts decided this
collection should be returned, Los
Angeles attempted legislation to
avoid re-payment. The legislation
was turned down by the state sen-
ate, which Bonelli seeks to re-
apportion.

Television was transmitted over
a long distance for the first time
in 1927.

TAHOE TRUCKEE SCHOOL NEWS

TRUCKEE ELEMENTARY

KINDERGARTEN: Mrs. John Rablin has consented to be our P.T.A. room mother. The children are looking forward to the Halloween party.

Our enrollment has dropped to 38. David Baker and Steven Letlow moved to Sacramento, this

week with their parents.

FIRST GRADE: We had some interesting science items brought into class this week. Denise Clepper brought a star fish and some autumn leaves. David Daly brought some Egyptian corn, rice stalks and leaves. Jerri Smith brought a gourd, Indian corn and some pheasant feathers.

FIRST AND SECOND GRADE: Those in the 2nd grade who received perfect papers were Sharon Ford, Peggy White, Darlene Andrews, Gary Paddock, Nancy Rablin, Tom Jones, Rosemary Campos,

Anne Hackett, Nola Houlgate.

SECOND AND THIRD GRADE: Dennis Walker and Maryanne Reichlin were voted best citizens of the week. This week has been given to review of our five spelling tests. Donna Horman made the best score. Head room mother this year is Mrs. Jack Hill, mother of Donna Hill.

THIRD GRADE: We are looking forward to the scholarship dinner our teachers are giving November 5. Special reports of the week were made by Melanie Anderson, Susan Jang and Pamela Laugenour.

We have a new boy from Floriston this week. He is Ben Castle.

FOURTH-FIFTH GRADE: Pupils who had A's in spelling were: Kathy Marler, George Franceschini, Elizabeth and Tammie Richards, Ryan Houlgate, Michelle Delisle, Maryann Atkinson, Curt Melugin, John Clark, Karl Sauby, Gail Shackelford, Jennifer O'Bear, Henry Frates, Barry Waters, Mike Borden, Shirley Davis, John McGlade, Terry Higgins, and Justy Spillner.

Richard Briley and Mike Borden showed much improvement in study

habits and penmanship.

SIXTH GRADE: Class officers elected for the week are Pat Merica, president; Don Whiteneck, vice president, and Bill Waters, secretary.

The sixth grade started a 100 club in spelling. Only those who receive a 100 can join.

SEVENTH GRADE: This week the 7th grade class elected officers. They are: president, Julie Knoff; vice president, Monty Straub; secretary, Bunny Board; treasurer, John Besio; sergeant-at-arms, Keith Mayer; librarian, Ricky Ralphs.

Two experiments were made by John Besio, Don Stowe, Monty Straub, Debbie Blair, Geraldine Russell and Sherry Borden. Unusual reports were given by Diane Pankoke on planets, Julie Knoff on pumic rock, Ricky Ralphs on hardness of rocks, and Betty Saarni on stars.

TAHOE LAKE SCHOOL

KINDERGARTEN: The kindergarten children are learning to make numbers. The following were able to make a satisfactory two this week: Janice Coster, Patrick Bechdolt, Sandra Keechler, Mark David, Susan Gehlert, Britt Brolund, Debra Daft, Teria Carnell, Martha Easton, Kathryn Larson, Lester Karcher, Katherine Long, Lenda Keeler, Diana Hammer, Eva Call, Billie Menges, Aleta Henriksen, Sonya Kimball, and Brad Jorgensen.

FIRST GRADE: Stars for excellent color papers were given to Sheryl Walling, Susan Lewis, Charlene Keehn, Bobby Fitts, Foster Mullen, Cinthie Ables, and Theresa Vanni.

FIRST, SECOND AND THIRD COMBINATION: We have a new girl in our first grade. She is Rebecca Dunn from National City.

Susan Kettenhofen, Debby Dutton, Debbie Wilson, David Kahn, Lal DuMars, Robbie Easton, Pam Wirtz, Glenica Jaynes have finished reading the second pre-primer Dick Michener read a book about satellites to the class.

Gary Mullen, Glenica and Jacky Jaynes celebrated birthdays this week.

SECOND GRADE: Working very hard this week were Nikki Ballenger, Cynthia Camp, Yvonne Baker, David Thompson, Carl Ruhkala, and Kevi Kehoe. All these children made "excellent" in telling time, and also in learning money denomination.

THIRD GRADE: Only some of the girls in Mrs. Long's third grade class made the junior choir this year. Those who made the grade were: Leslie McBride, Linda Walker, Lynn Duttweiler, Debra Stark, Mindy Bechdolt, Dorothy Pomin, Sally Starratt and Laura Hoxsie.

FOURTH GRADE: Mark Calhoun, Dick Zehm, Shirley Grattner, and Camille Shirley received A's

on a 50 question social study test culminating our unit on the California Indians.

FIFTH GRADE: Individual booklets on trees are being completed this week and show remarkable thought and preparation. Some of the fine booklets turned in were from Bro Shontz, Dianne McBride,

OPEN HOUSE HELD

Over 300 Children and 100 Adults visited our Open House in Truckee.

We are grateful to the Principals and Teachers of the Tahoe-Truckee Unified School District for there cooperation and interest.

We are also appreciative of the way our own Telephone Employees worked hard and long in putting on the show.

Speaking for all Telephone people who participated, it was a pleasure to meet many of the citizens of Truckee who saw the Open House.

If we're to believe cartoonists, nobody enjoys telephoning as much as today's teenagers. I won't risk an opinion on that subject, but I think you'll be interested in our special telephone training program for young people.

It's called Teletrainer, and it's mighty popular in high schools. Last year, for example, nearly a quarter of a million high school students were trained with it throughout the Pacific West.

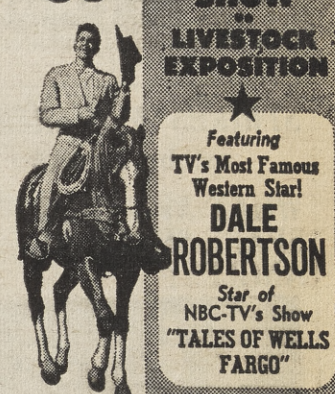

We make Teletrainer available free of charge to help young people learn how to use telephones correctly. Pacific Telephone

STRIKES & SPARES

BY JOE WILMAN

WHAT ARE YOUR SPARE-SHOOTING ANGLES?

I recommend three basic spare angles which cover every spare you'll ever be faced with. I show them in dotted lines in the illustration.

1. The left of middle angle for all spares on the right side of the lane.
2. The middle of the alley angle for all spares in the center of the lane (or strike position).
3. The right of middle angle for all spares on the left side of the lane.

Shooting spares in this way gives you the maximum angle for each one. The 10-pin, for instance, in the right corner of the alley should be shot from the left side. This allows you to angle the ball all the way across the lane from left to right.

Keep these three angles in mind for all spares. First, however, determine which angle the particular spare calls for.

And remember, if you convert one more spare each game that you are now missing, you will raise your average 10 pins a game. And that's a real short cut to scoring improvement!

SECOND CONGRESSIONAL DISTRICT OF CALIFORNIA

Congressman HAROLD JOHNSON went on record for the corruptionists who have invaded the AMERICAN LABOR MOVEMENT by voting FOUR TIMES in 1959 in the HOUSE OF REPRESENTATIVES, AGAINST LABOR REFORM LEGISLATION.

He shut his ears to testimony before the McCLELLAN COMMITTEE which so shocked the public.

Perhaps this vote by CONGRESSMAN JOHNSON is more understandable in view of the fact that NATIONAL LABOR ORGANIZATIONS contributing, \$1,200 to his CAMPAIGN in 1958.

AN INEFFECTIVE LEGISLATOR

As of Sept. 2, 1959, NO ACTION had been taken by CONGRESS on ANY of the 16 bills presented by CONGRESSMAN HAROLD JOHNSON.

JOHNSON THE SPENDER

Voted for an extravagant \$5.8 BILLION HOUSING BILL authorizing large numbers of UNNEEDED PUBLIC HOUSING UNITS for which the taxpayers would still be paying 40 years later. Voted AGAINST ECONOMY EFFORTS to substitute a LESS EXPENSIVE BILL.

Introduced a FEDERAL AID TO EDUCATION BILL which DISCRIMINATES AGAINST CALIFORNIA. If this bill were passed, over a 4 year period it would cost California about \$211 MILLION MORE in taxes, than it would bring back in FEDERAL AID.

Voted against a \$97 MILLION ECONOMY AMENDMENT to the AIRPORT CONSTRUCTION ACT.

Voted AGAINST FASTER REPAYMENT of the TVA POWER SYSTEM'S DEBT to the FEDERAL GOVERNMENT.

Voted to INCREASE FEDERAL GRANTS to build LOCAL SEWAGE PLANTS.

Voted AGAINST ECONOMY on PUBLIC WORKS SPENDING.

Voted for foreign aid.

JOHNSON VOTES WRONG

Voted 4 times AGAINST LABOR REFORMS to PROTECT RANK and FILE UNION MEMBERS AND the public against ABUSES by the LABOR BOSSES.

Voted to HANDICAP LAW ENFORCEMENT OFFICERS in obtaining confessions from rapists and other criminals.

Voted to OVERRIDE 2 PRESIDENTIAL VETOES of EXPENSIVE PORK BARREL PUBLIC WORKS BILLS, and to OVERRIDE a veto of a political attack on Secretary of Agriculture BENSON.

Voted to INCREASE the national debt limit to \$295 BILLION, an action made necessary by EXTRAVAGANT DEMOCRAT CONGRESSIONAL SPENDING.

Voted to RAISE THE PRICE OF BREAD, by INCREASING PRICE SUPPORTS ON WHEAT.

Voted for the corporation farms by voting AGAINST LIMITING the amounts of individual farm price support loans. Some corporate farms receive as much as \$1 MILLION EACH from the government under FARM PRICE SUPPORTS.

Voted for the fish boat construction SUBSIDY. This bill would not help California Fisheries, but would apply only to New England.

Fugazi and Jan Jensen brought specimens of insects for science.

Paul Lambert brought some toadstools. Toni Rates brought a model of a cricket showing all the parts.

FOURTH AND FIFTH GRADE COMBINATION: Sharon Decker, Beverly Bertolini, and Lynn Korn made a perfect score on the six week review test in spelling.

The class officers for this week are Ray Manning, president; Sharon Decker, vice president; and Johnny Stramer, secretary.

Dyanne Lausche was the only one who made 100 in the language test.

FOURTH GRADE: Our class is writing an Indian play. Tom Hull has been chosen Indian chief. Tommy Gregg has made a very interesting Indian design with sand painting. Mr. Ehlers made us some basket bases and we are very grateful to him.

Twenty-three people in our room made 100 per cent in spelling last week.

SIXTH GRADE: This week we had elections for class officers. The outgoing president, Vicki Jones, was succeeded by Nancy Barker. Our new vice president, Susan Clackett, took over for Evelyn Clinton, and Christine Wainscoat was elected as secretary-treasurer in place of Debbie Martin. Carol Corbin retained the office of editor of the class paper.

Our last review in social studies covered the lives of Balboa, Fran-

cisco Pizarro, and Magellan. Perfect papers were turned in by Debbie Martin and Candy Von Ruden.

Perfect grades in spelling for the week ending October 14 were given to Robert Ahearn, Tommy Barr, Gregory Beck, Jon Hopper, Eddy Indiveri, Bob Jacobson, John Korn, Clint McKoy, James Sergi, Nancy Barker, Susan Clackett, Evelyn Clinton, Carol Corbin, Sue Goodhue, Cindy Hiatt, Wendy Howell, Vicki Jones, Debbie Martin, Cathy Rockholm, Teena Slatkovski, Sandy Von Ruden, and Christine Wainscoat.

SEVENTH GRADE: Our first unit of science has been completed. Those who received above average grades on the test were Larry Tiller, Vern Wing, Bruce Templeton, Darryl Cernusak, Linda Colombero, Larry Henderson, Howard Price, Phil Thompson, Cathy Whitehead, Barbara McMillen, Celia Manning, Darryl Lausche, John French, Terry Boatman, Beverly Bergman, Steve Felte, and Michaeline Rates.

EIGHTH GRADE: We have just decorated three of our bulletin

boards. One theme is Halloween and was done by Toni Taylor and Carl Brooks. The science one was decorated by Kent Fugazi and John Wainscoat. The health bulletin board was done by Madelyn Kammerer and Celeste DeSylva.

Carol Franklin and Wendy Boatman gave an experiment on the growth of bacteria. Karen and Pam Simpson gave a demonstration on purification of water.

NOTICE OF BREACH AND OF ELECTION TO CAUSE REAL PROPERTY TO BE SOLD UNDER DEED OF TRUST

NOTICE IS HEREBY GIVEN THAT default has been made by CARL BUEK and GLADYS BUEK, his wife, in the performance of the provisions of that certain deed of trust bearing date of the 7th day of September, 1957, and given by Carl Buek and Gladys Buek, his wife, as Grantors, to the California-Sansome Corporation, a California corporation, Trustee and The Bank of California, National Association, as beneficiary; that said deed of trust was recorded in the office of the County Recorder of the County of Nevada, in Volume 237 of Official Records, at page 136 on the

25th day of September, 1957;

That the breach consists of the failure to pay the principal sum of the obligation secured to be paid by said deed of trust, and the failure to pay the interest thereon and the failure to pay insurance premiums and taxes;

That because of the said default the undersigned beneficiary has elected to consider the entire sum secured to be paid by said deed of trust due and payable, and said beneficiary will, in the event that said breach continues, cause said real property to be sold in the manner required by law to satisfy the obligation of the Grantors.

The said real property described in said deed of trust, and subject to sale, is situated in the County of Nevada and described as fol-

lows:

That portion of Section 22, Township 17 North, Range 14 East, M.D.B. & M., described as beginning at a point on a curve which is the Northernly reservation line of U. S. WILL SPEAK

Rev. Frank Evans, pastor of the United Church of Christ at Squaw Valley, will be the keynote speaker at the area conference of the Sacramento Valley Association of Pilgrim Fellowship groups Friday and Saturday, October 28 and 29. A group of young people from the church will be attending the conference at the Sierra Arden Congregational Church.

DONNER DOINGS

By VIRGINIA O'BEAR

With just nearly two weeks until election day, a lot of excitement and talk is taking place. Even the children come home from school and ask who we are voting for. Isn't it wonderful that we live in a free country and can vote for who we think is the best man, regardless of what party we belong to? The whole world is waiting to see what we are going to do and a lot depends upon the decision of the people. Let's all go to the polls and vote, for it is a privilege to have a say in our government.

The firemen of the Donner Lake Volunteer Fire Department met at the firehouse Thursday night at 8 o'clock. They inspected the equipment and it is in fine shape in case of an emergency. We have a lot of new neighbors moving into our area so it might be nice to inform them of the telephone number of the fire department. The number is LUther 7-3331.

The committee of the Donner Lake Volunteer Fire Department and auxiliary working on the Halloween potluck, met at the home of Mrs. Richard Walker Tuesday evening to complete the final arrangements for the party. It will be this Saturday night at the high school cafeteria from 6 to 9 p. m. The committee will call all members in regards to what they would like to bring so remember, besides your potluck dish, bring enough service for just your own family such as silverware, plates, napkins, etc. There will be games and a parade of the people in costumes. Costumes are optional so if you don't want to dress up, come anyway, it will be fun.

Donner residents will be happy to welcome Mr. and Mrs. Paul

Early to our community. They are newlyweds, having just been married in May and have just this week taken over the Cottage Pines Motel. They purchased the motel from George Brack and son Dan, thinking Donner Lake is a wonderful place to have one long continuous honeymoon, for the rest of their lives. I think we should all stop by and welcome Paul and Grace after they are settled.

Mr. and Mrs. Floyd Sharp spent a few days with their daughter and son-in-law last week, Mr. and Mrs. Roy Slate. They got to see their great grandson, naturally. He is little Rodney Davis, son of Joyce and George Davis.

Mr. and Mrs. Robert Pankoke and daughter, Diane spent a few days in San Leandro last week. Bob took in the General Motors training center meeting which they have annually for all dealers and service men and saw the demonstration of the new merchandise.

David Pankoke was an excited young man the past weekend as he went flying with Captain Jack Houlgate of the CAP squadron. They flew all around here and around Lake Tahoe and Dave is mighty proud to belong to this organization.

We are having beautiful weather here and the lake is just gorgeous. It is so quiet and still with the reflections of the mountains and the golden leaves on the alder trees. This is the time of year for peaceful boating and relaxation, but we are still busy preparing for winter.

George Brack is leaving this week for another hunting trip into the wilds. After his return, he will complete his home that he is building near the Richard Walker home at Donner Lake. We are happy that George is staying in our community since selling the Cottage Pines Motel. He is from Healdsburg and says there is no place like Donner Lake. I am inclined to be-

lieve him, as we feel the same way.

Two of our youngsters at Donner Lake celebrated birthdays this week. Phyllis Brown celebrated her ninth birthday, October 24, with just the family being present. Robby Capel celebrated his sixth birthday on the 24th also with some of his young friends at home.

HAWAII...
Fuels for America's thriving age of action

IN HAWAII . . . Starting next week, a new \$65 million oil refinery will begin adding fuel to America's economy in today's age of action.

For our newest state, the \$2 million annual payroll, which will be required to operate the plant, will mean new jobs and business opportunities. And the refinery itself will add strength to the nation's strategic position in the Pacific.

This is one more example of progress in America...one more way Standard adds new vigor, new dimensions to our economic life.

Comforting assurance of the final destruction of all sin will be given in the lesson-sermon entitled "Everlasting Punishment" to be presented Sunday at Christian Science church services.

God's mercy will be emphasized in the scriptural selections from Psalms (130:7,8): "Let Israel hope in the Lord: for with the Lord there is mercy, and with him is plentiful redemption. And he shall redeem Israel from all his iniquities."

The following is one of the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (265:5): "Mortals must gravitate Godward, their affections and aims grow spiritual,—they must near the broader interpretations of being, and gain some proper sense of the infinite,—in order that sin and mortality may be put off."

"BILL" HARVEY SAYS: LET'S INVEST IN OUR YOUTH

Idle hands are hands that get into trouble. Our youth today are finding themselves without enough opportunities for summer employment in the mountain counties. This should be of major concern to all of us.

I advocate the establishment of a conservation program to prevent the destruction of our forests, to increase wildlife, and to play on a weekly basis in this program which could be set up and administered by our mountain counties. Recreational and other off-job aspects of the program would be under the direction of our teachers who provide the best guidance and training available.

For a forest conservation program to provide our youth with wholesome summer employment, elect WILLARD L. "BILL" HARVEY to the State Assembly, 6th District on NOVEMBER 8.

Everyone is invited to dress in Island style; admission will be \$3 per person.

Also on the club agenda is the November 16 institution of the newly formed South Shore Emblem Club which all members and husbands are invited to attend. The meeting place of the institution will be announced at a later date.

Mrs. Bernie Banta promises lots of spooks, costume prizes and refreshments for the PTA-sponsored Halloween party to be held at the Tahoe Lake School Monday, October 31 starting at 7 p. m. Mrs. Banta is chairman of the affair and is being assisted by Mrs. Ivy Kimball and all room mothers.

Five rugged Tahoe City hunters packed in for a three day hunting trip in the Steamboat Mountain area last weekend and returned with two deer. Those enjoying the trip were Carl Bechdolt, Jr., Parky Bechdolt, Marshall Rukhala, Bob Seates and Herb Neidig.

A very informative and interesting program was presented last Wednesday to the Tahoe Lake PTA by Al Henry and Bill Keehn, members of the Tahoe City Volunteer Fire Department. The program was presented very skillfully and enjoyed by the many parents and teachers present.

Just returned from a 16-day vacation trip are Mrs. Marie Henry and Mrs. Nancy Donaldson. They drove to Vancouver and then went by Canadian Pacific to Banff. Highlights of their trip were visits to the Oregon Vortex, the Sanctuary of the Mother of Sorrows near Portland, the Columbia River and the Bouchart Gardens in Victoria. While in Victoria they attended the national Canadian convention of the Business and Professional Women. Also while in Victoria, Mrs. Henry and Mrs. Donaldson were dinner party guests of Mrs. Muriel Vincent, president of the Victoria Soroptimists Club. Marie

says that she's not going to make any more trips—that is, not until she goes to the National Air Force convention in Philadelphia next summer.

A very gala evening is being planned by the teachers of the Tahoe Lake School to make possible their contribution to the Truckee High School TTEA scholarship

fund. The evening will consist of a dinner and fashion show to be given at the Crystal Bay Club on November 4 starting at 8 p. m.

The dinner is of the "eat-all-you-can" variety and the fashion show will feature Mrs. Jean Calhoun as narrator. Among the models will be Mrs. Bernie Banta, Mrs. Jean VanWetter, Mrs. Beccy Shontz, Mrs. Pat Vanni, Mrs. Joanne Marier,

Mrs. Carol Coster, Mrs. Dody Riva and Mrs. Betty Dutton. Teachers Diane Steinhauser and Betty Long are planning the dinner.

The cost of admission is \$1.25 and tickets may be purchased at the door.

The John Merrills of the bay area visited Tahoe City friends last week.

"BILL" HARVEY SAYS: LET'S DO SOMETHING ABOUT CRIMINAL NARCOTICS

Criminal narcotics are coming into our state in ever-increasing amounts. Ninety-five per cent of all criminal narcotics smuggled into the state are getting through without detection. They are being pushed upon our teenagers and youth. Our present state administration has been by-passing the responsibility of doing something about this.

Criminal narcotics are causing over 50% of all crime in this state. I advocate the following: Invoke the principals of the "LINDBERGH KIDNAPPING ACT" by recommending capital punishment for convicted pushers who commit this heinous crime upon our youth; sentence to life imprisonment those who commit all other criminal narcotic activities, including smuggling; and unshackle our law enforcement people who at present are working with ineffective controls.

For prompt action to protect our youth, elect WILLARD L. "BILL" HARVEY to the State Assembly, 6th District on NOVEMBER 8.

Here's What You Must Do Now to Win California for Kennedy!

The Outcome of the Election May Well Depend on California's 32 Electoral Votes. Your Help is Needed Right Now to Win California for Kennedy-Johnson.

Never Before has California played such a crucial role in deciding who our next President will be.

The Republicans are supplying their campaign with all the funds needed to buy radio and television time—as well as newspaper space from now till election day.

You can help Jack Kennedy and Lyndon Johnson fight back by mailing right now \$25, or \$10, or \$5, with the coupon below. Your \$25 will pay for:

- 1/3 of a large billboard, or
- 5 inches of newspaper space in a city with over 600,000 residents or
- One minute of radio time in a key area, or
- Four seconds of television time in a city of over 145,000!

You may already know of John F. Kennedy's all out efforts to increase social security benefits, medical care for the aged, and full civil rights for all. In his words, "We stand today on the edge of a New Frontier. We must recapture the spirit of Franklin D. Roosevelt and start moving forward on the unfinished business facing the country."

To carry this message widely, we need YOUR help.

California is one of the big political prizes. The weapons in our fight are television, radio, newspaper ads, and billboards.

Time is growing short. Please put your belief in John F. Kennedy to work by mailing your contribution today.

"BILL" HARVEY SAYS: LET'S TAKE A LOOK AT STATE TAXES

In the last two years your state taxes have been increased 28%—more than seven times the normal rate of increase. This half billion dollars in new taxation is too much to pay for bureaucratic expenditures in our state government. It amounts to \$36.33 for every man, woman and child, so that a family of four is now paying \$145 more a year in state taxes.

What is the present state administration doing with these new taxes? It has created 50 new commissions, committees, bureaus, and sections. Many of these are administered by \$18,000-a-year appointees.

The cigarette tax was increased 3c a pack and state income taxes now start at \$2,500 instead of \$5,000. Who does this hurt the most? The average taxpayer.

My opponent has supported legislation which has increased your taxes. Is this what you want? For GOOD representation, elect WILLARD L. "BILL" HARVEY to the State Assembly, 6th District, on NOVEMBER 8.

GOLDEN MOMENTS

In California history—as business boomed in 1900, society expressed prosperity with new ideas in gracious living.

In California life—today's ideal of gracious living includes beer, the beverage of moderation. Beer means enjoyment . . . prosperity. Last year, for example, brewers purchased over 40,000 tons of our farm products—another reason why beer means better living for all in the "Golden State."

No measurable precipitation fell during the past week at Soda Springs. Fall temperatures are in the air, for the maximum during the week reached 66 degrees, and the minimum sank to 29 degrees.

EDUCATION GROUP MEETS
The Placer County Education Coordinating Council is scheduled to meet on Tuesday night at the Donner Trail School under the direction of Chairman Leon Giesler, a psychologist with the county education office in Auburn. The group is made up of educators representing the schools in Placer County system.

SHOTS PROVIDED

The children enrolled in the Donner Trail School journeyed by bus to Truckee early this week to receive shots administered by the county health department. Shots were given as required for polio, diphtheria, whooping cough, and typhoid.

LAKE-SIDE RECREATION AREA
The possibilities for developing Lake Van Norden's recreation potential have been under discussion this past summer. The Pacific Gas and Electric Company, owners of the lake, have recently indicated a general policy of permitting controlled public recreation on their reservoir properties. The subject of possible community club action in the Van Norden area was discussed at the last club meeting, and a committee, headed by Bill Cannon, was appointed to study the proposals. An orderly development of the lakes recreational potential would be an asset to the area. It will be interesting to see how this development is achieved.

OPPOSITION RISES IN ALL-YEAR FISH PLAN

The California Fish and Game Commission has taken under advisement a report from the department of fish and game which recommended against an all-year statewide trout season.

The proposal was brought up last October, at which time the commission asked the department to study the matter.

After a year of study, during which time opinions of wardens, hatchery personnel and field biologists were sought and evaluated, the department concluded the proposal had more disadvantages than advantages. It came up with the following five reasons for rejecting the proposal:

1. A substantial number of wild trout populations would be endangered through exposure of spawning runs to angling during periods when they are now protected by the closed season.

2. A host of special regulations on individual waters would be needed to protect these spawning runs under an all-year season, thereby complicating rather than simplifying the regulations.

3. An all-year season would further favor local anglers over vacationers and anglers living in urban areas.

4. An all-year season would lead to strong pressures for catchable trout stocking during cooler parts of the year in waters which are too warm during the regular season.

5. Wardens in northern areas

DEATHS ON HIGHWAY CONTINUE TO MOUNT

With the year 1960 at the three-quarter mark, traffic deaths in California stood at a total of 2664, or 107 more than during the same nine-month period last year, Highway Patrol Commissioner Bradford M. Crittenden said this week.

As of September 30, there were 1,628 traffic deaths recorded in unincorporated areas, and 1,036 in cities.

"It would be routine to point out that both population and vehicle registrations are higher than last year, and that a climb in fatalities might be expected," he said.

"We should never 'expect' a fatality increase. The 107 more persons killed on our highways this year died just as needlessly as the balance of the 2,664.

"The causes remain the same. Excessive speed is the leader, followed by right of way violations, improper turns and drinking drivers. Because more have died, it is incumbent upon you, the driving public, to pay even stricter heed to traffic laws and the basic law of the roadway, courtesy," the commissioner said.

"Remember that the dangerous driving months of fall and winter are ahead. Roads will be slick from rain and, in many cases, ice and snow covered. The toll already is ahead of last year. Don't make it any higher."

believe the change would create serious enforcement problems.

PLACER OFFICIAL TO STUDY CENTER PLAN

AUBURN — County officials had their first look at a proposed master plan for an administration center suggested for construction on a 23 acre county site north of Auburn.

The long range plan was presented to the board of supervisors by Harold M. Hansen, San Francisco architect under contract with the county to work out a plan for the development of a new center.

Four of the board members expressed approval of the plan which, if constructed in a package plan, would cost more than \$5 million. The supervisors, in indicating they would accept the tentative plan, pointed out that if the construction is begun only the most needed buildings would be included in the first unit and the complete project would be spread over a long range.

Supervisor J. O. Anderson of Auburn said he favors the development of a new center around the

existing site. The hub of the present center is the 64 year old stone and brick court house, which historians say was constructed on the site of a cemetery and public hanging grounds in 1894.

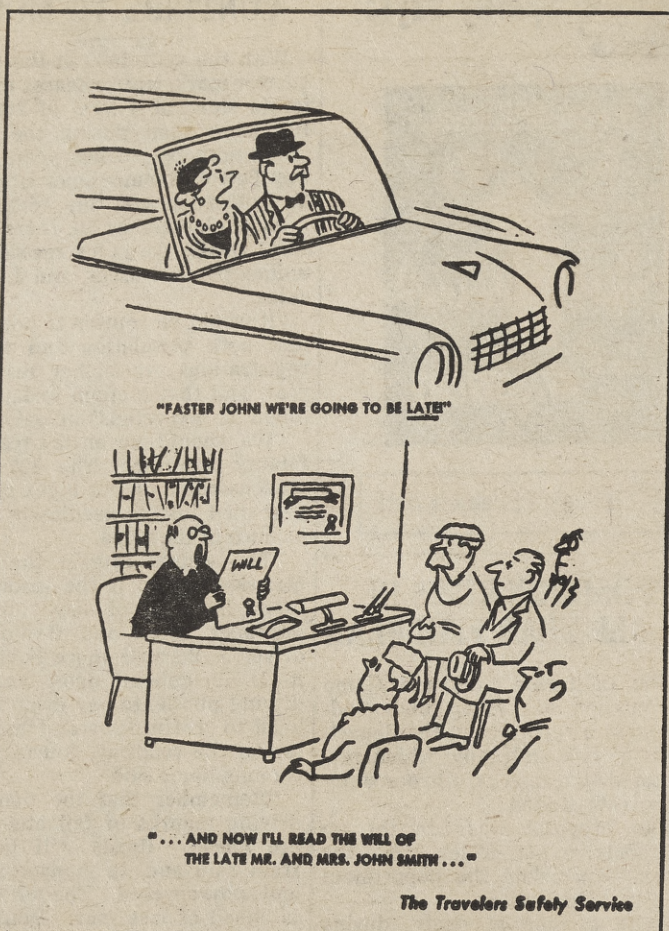

County officials have stated the court house, which contains more than 75 per cent of the county's office space, is inadequate to house the growing departments. They said also the consolidation of governmental agencies would bring added efficiency and result in savings in maintenance and upkeep.

The board instructed County Executive John Bernard to meet with the Auburn City Council to discuss service consolidations if the center is constructed, such as library service.

The architectural building areas proposed by Hansen included the construction of a five story general office building, areas for legislative and administrative space, a public works building, planning area, public library, health and welfare building and law enforcement buildings.

LEAKE AGAIN RAPS PROPOSITION 15 AS HARMFUL TO STATE

SANTA ROSA — Paul Leake in denouncing Proposition 15 on the November ballot said that responsible citizens "right along with the politicians in this election—should be running scared."

Addressing a joint meeting of the Rotary and Kiwanis Clubs here, Leake warned that the proposal to reapportion the state senate might be an easy victor by default.

"Unless we northerners wake up and sense the danger, Los Angeles alone—with its more than six million residents—in November will put over the most vicious, grasping proposition ever presented to California voters."

"It would be a lethal blow from which the victim would be counted out for keeps. Yes, the political gluttons in the south would feast at a groaning board—and we'd be left the crumbs, if any."

The Woodland newspaperman added: "the north could kiss goodbye forever its influence and representation in the legislature. We'd be swept under the Los Angeles political rug till dooms' day."

"The south, already dominating the assembly, would become the political King Fish of our State... and we'd be their yes-men."

Leake said Proposition 15 would mean dictatorial rule that would stifle the future for decades "as the new senate alignment would be frozen into the constitution for at least 20 years."

Proposition 15 is a proposal to change present representation in the senate and give 20 senators to the north and 20 to the southern 13 counties. At present, the senate is based on geographical representation.

Leake said that for most sections of the state, Proposition 15 is "bugged with inequities."

"Under the proposal, some quite small counties would receive one senator—but others with much larger populations would have to share a senator with one or more counties."

Sonoma and Marin, for example, with a combined population of 292,400, would share representation in the senate. Yet seven counties—each with fewer people than the Sonoma-Marin duo—would receive a single senator apiece.

Leake said: "the L. A. bosses could railroad any proposal through the legislature, whether it had to do with taxes or water or whatever, and torpedo any law they didn't like, regardless of its effect on California as a whole. Sponsors of No. 15 admit its adoption will enable the south to write its own ticket in acquiring water from the north."

He said no proposal as important as Proposition 15 should be submitted to the people until it has been "thoroughly studied, digested and measured against alternatives at public hearings of the people, the legislature and the press."

"But this plan came to the people cold. Even the legislature was bypassed." The proposition qualified for the ballot by petition—of which "the signers were in the dark, and would as readily have signed a petition to jail their own mothers."

"No scheme that would give the south a half-Nelson on the legislature should be palmed off on the people of the state," Leake said. "Remember—there'll be no solving the great challenges that confront this state if one section is permitted to seize another by the throat."

"We must distribute representation in state government so that rural areas as well as the large cities will have an effective voice."

"Our small cow counties would be mooing in the loneliness of the quiet meadows if Los Angeles became the bell cow and rode herd at Sacramento."

FLEISCHMANN FUNDS TO AID LAKE SEWAGE

Described as "the most important project ever undertaken for the protection and preservation of Lake Tahoe as a world famous recreation center," plans for a lake-wide sewage disposal engineering feasibility study were outlined to the members of the Lake Tahoe Area Council last Friday at their fall meeting held at Harrah's.

At the afternoon business session newly re-elected Council President B. E. Lowe of Reno formally announced a grant to the council of the necessary engineering study funds by the Max C. Fleischmann Foundation of Nevada and introduced Fran Breen of Reno, a trustee of the foundation. Breen reviewed the long and active interest of the Fleischmann family in the welfare of Lake Tahoe and stated that the projected engineering study had been approved by the foundation as essential to the aims of his group and the Lake Tahoe Area Council in seeking to preserve the beauty and usefulness of the lake basin and provide for its orderly development.

LEGISLATURE HAS NO SAY ON WATER ISSUE

SACRAMENTO — (CNS) — Harvey O. Banks, state director of water resources, has told a senate committee the legislature will have no control over how funds from the \$1,750,000,000 water development bond issue are spent, should the measure be approved by the voters November 8.

Banks testified before the senate fact-finding committee on water. He said fiscal control over the bond issue money would be held by the department of water resources and a finance committee comprised of the governor, treasurer, state controller, director of finance and director of water resources.

However, Banks said all agencies would be kept fully informed at all times, even though there was no legal requirement to do so.

Senator Stephen P. Teale, chairman of the committee, said Legislative Counsel Ralph N. Kleps did not agree with this view. An opinion from Kleps' office said the legislature "could control the amount of money in the California water resources development bond fund to be expended in any particular fiscal year or years for the state water facilities defined by the act."

Banks said legislative control over funds in the bond issue might hold up certain construction schedules, even though money was available for the work.
